### Introduction

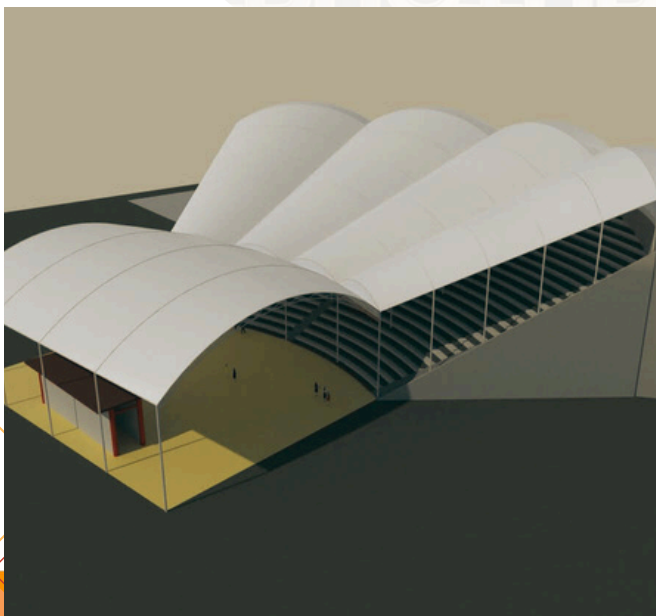

🌞 Welcome to Sunshaine Structure Tensile! 🏗️🌟

We're Firoz & Akbar 🤝—two friends who met in 2014 and turned our passion for strong, durable, and high-quality tensile structures into a thriving business. 💪🏢

With 10+ years of experience since 2010, we officially launched Sunshaine Structure Tensile in December 2024 to deliver top-tier craftsmanship in every project! 🎯🏆👷.

### Our Philosophy

At Sunshaine Structure Tensile, we believe in innovation 🛠️, strength 💪, and durability 🏗️. Our goal is to create high-quality ⭐, aesthetically appealing 🎨, and long-lasting 🕒 tensile structures that blend functionality ⚡ with excellence 🏆, ensuring complete client satisfaction 😊.

### Future Horizons

At Sunshaine Structure Tensile, we envision a future driven by innovation 🚀, sustainability 🌱, and excellence 🏆. With advanced technologies 🏗️ and eco-friendly solutions 🌍, we aim to expand, redefine industry standards, and deliver cutting-edge tensile structures 💡 that ensure lasting quality ✅ and customer satisfaction 😊.

# WARRANTY PAGE

<b>FABRIC</b>	<b>WARRANTY</b>
<b>500/550 GSM Fabric</b>	<b>5-Years Warranty</b>
<b>650/ 700 /750 GSM Fabric</b>	<b>10-Years Warranty</b>
<b>800/850/900 GSM Fabric</b>	<b>15-Years Warranty</b>
<b>1050/1100 GSM Fabric</b>	<b>20-Years Warranty</b>
<b>1200/1250 GSM Fabric</b>	<b>25-Years Warranty</b>

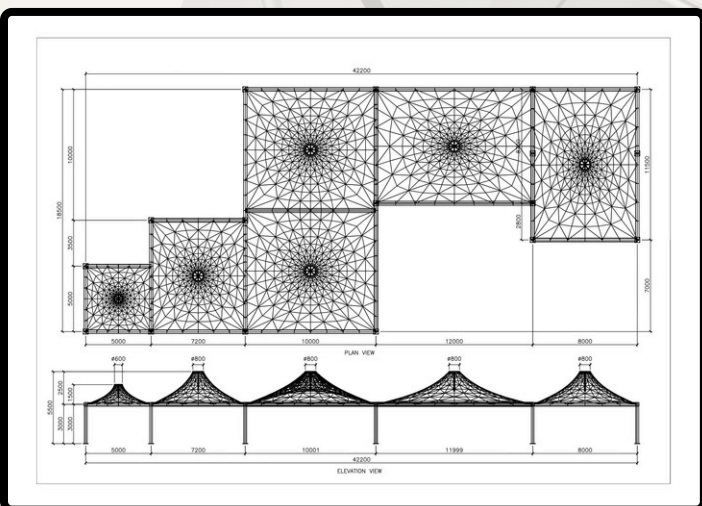

# SOFTWARE WE USE

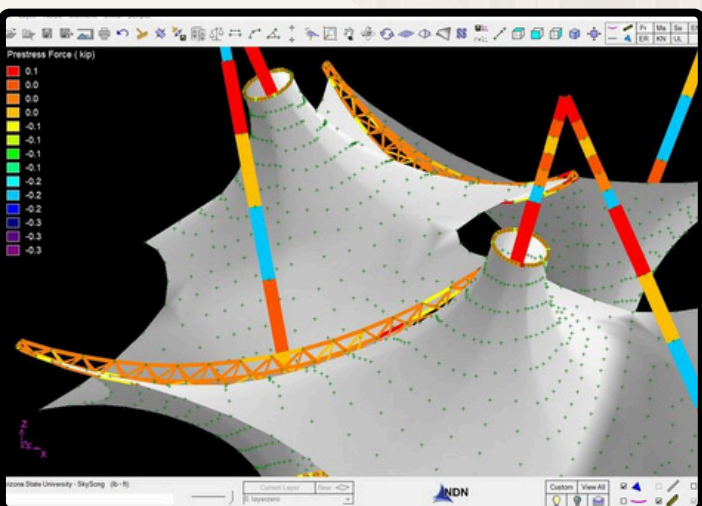

◆ **STAAD.Pro** – A widely recognized solution for structural assessment and design, extensively used worldwide.

- Supports over 90 international standards for steel, concrete, timber, and aluminum structures.
- Applied in the evaluation and planning of various structural projects, including industrial plants, buildings, bridges, towers, tunnels, metro stations, and water treatment facilities.

◆ **AUTOCAD 2020** – A premier tool for structural design, detailing, and fabrication of steel components.

- Compliant with both Indian Standards (IS) and international codes for fabrication and detailing.
- Facilitates the integration of different structural elements, fabric accessories, and hardware, making it highly useful for quantity estimation.
- Commonly used for designing and detailing steel structures, polycarbonate materials, and tensile fabric frameworks.

◆ **NDN** – An advanced FEM-based solution tailored for tensile membrane engineering professionals.

- Equips engineers with comprehensive tools for the design and optimization of membrane and steel structural systems.
  - A unified platform that supports model development, analysis, post-processing, member sizing, and patterning.
- NDN (Non-Linear FEM Software)**

*Thank You for Your Time!*

**Dear**

We sincerely appreciate you taking the time to explore our catalog. At Sunshaine Structure Tensile, we are committed to delivering innovative, durable, and aesthetically designed tensile structures tailored to your unique needs.

Your trust and interest in our solutions mean the world to us, and we look forward to the opportunity to collaborate with you. Should you have any questions or require further assistance, please don't hesitate to reach out.

Let's build something extraordinary together!

Best Regards,

**Team Sunshaine Structure Tensile**
